LIN: T10180  
TM: 9-4910-582-14&P

### System Description

The SECM provides combat repair teams with the necessary tools and equipment to repair disabled combat equipment in the field to allow it to resume operation or return farther back for further repair. This variant was developed in response to the need for decreased payload resulting from increased chassis weight of add on armor and up armored HMMWV variants.

**This system is not currently in reset.**
